

same inventors. All three applications contain the same disclosure.

a) The drawing submitted herewith is the same as the drawing of original application 07/915,298.

b) The specification submitted herewith is a photocopy of that of 07/915,298, to which the changes described in Remark 2, below are made.

No new matter has been entered in preparing the subject divisional application.

2) Changes between the specification of 07/915,298 and the specification submitted herewith are:

a) The first page of the specification of 07/915,298 has been replaced with a new sheet. Changes on the new sheet are:

i) the title of the present application replaces the previous title;

ii) a statement noting that the present application is a division has been added; and

iii) the initial paragraph of the Background of the Invention has been reworded.

b) The pagination of 07/915,298 (in which the specification began on a page numbered 2) has been corrected so that the specification of the present application begins on page 1.

c) Typographical errors and misspellings in the specification of 07/915,298 are corrected by the amendment herewith submitted.

d) Selected characters in the text that were of marginal legibility after photocopying have been enhanced by hand.
